BAC PRO, Maintenance des Véhicules Option A

[AFORPA, Issy-les-Moulineaux](#)

Île-de-France 2021 - 2023

Bachelor degree in aircraft and rocket construction

[National Aerospace University](#)

Kyiv, Ukraine 2014 - 2017

Aeronautical technician

[Aeronautical Technical School](#)

Kyiv, Ukraine 2012 - 2014

Personal projects

• Fitness Calculator

My first project, involves creating a fitness application that will help track the number of calories consumed and daily physical activity.

Tools and technologies used: Python, OOP, SQL, Git

Educational programs and courses

Python

Self-study

[Udema](#), [Coursera](#), [YouTube](#)

Basics of statistics

Feb 2021 - July 2021

[CNAM](#)

Autocad 2D, 3D; Revit

Meudon la Forêt, Île-de-France Nov 2018 - Jan 2019

[AFPA](#)

C.A.T.I.A

Meudon la Forêt, Île-de-France Mar 2019 - May 2019

[AFPA](#)

Professional experience

Technician [AUDI \(Premium Vélizy\)](#)

Vélizy, Île-de-France 2023 - Current

- Diagnosis and troubleshooting of automotive issues
- Car repair

Mechanic [BestDrive](#)

Châtenay-Malabry, Île-de-France 2021 - 2023

- Car repair

Interim

Paris, Île-de-France 2018 - 2021

- Warehouse Worker
- Meal Delivery Driver

Technicien [Enterprise "ANTONOV"](#)

Kyiv, Ukraine 2014 - 2017

- Drafting of production process plans, selection of tools, and determination of the time required for implementation.
- Monitoring of tests (including night shifts)
- Drafting reports on test preparation
